Surabaya, Indonesia | E-mail: nsvertian@gmail.com | Phone: +62 852-3469-3657
Linkedin: [nicholasamuel](#) | Portfolio: [nicholassamuel.vercel.app](#)

I'm a multidisciplinary **Product Designer and Developer** focused on **full-stack development, UI/UX, and graphic design**. I build end-to-end digital products that combine strong aesthetics with scalable and maintainable systems, turning complex problems into intuitive, user-centered solutions.

WORK EXPERIENCE

Sotis Hotel Kupang <i>Graphic Designer Intern</i>	Apr 2025 - May 2025
- Designed social media graphics, promotional posters, and digital banners for the hotel's marketing campaigns, applying consistent typography, color, and layout to reinforce brand identity, contributing to a 40% increase in brand engagement. - Produced visual content for the hotel's social media channels, including post graphics, story templates, and event visuals, ensuring cohesive visual aesthetics across all platforms to support promotional goals. - Developed and maintained a consistent visual language across all hotel marketing materials by applying structured design principles in typography, color, and layout to strengthen brand recognition.
